

# “Go Red”

Friday, February 7 | 11 am–2 pm

Mount Sinai is proud to participate in the national Go Red for Women campaign, which aims to raise awareness about heart disease and stroke among women. Heart disease and stroke are the leading causes of death among women in the United States. Mount Sinai is committed to providing the highest quality of care for our patients and to supporting our community. We are pleased to participate in this important campaign and to encourage all women to take steps to reduce their risk of heart disease and stroke. For more information, please visit [mounsinai.org/GoRed](http://mounsinai.org/GoRed).
